

With over 30 years of experience as a meticulous and fast-working senior level editor, I have advanced editing skills and expertise in industry-standard software such as Avid Media Composer, Adobe Premiere Pro, After Effects, Photoshop, and others. I also possess a working knowledge of 3D modeling and animation software like Blender.

My expertise extends to various end markets including local and regional TV commercials, educational video materials, children's television programming, senior-focused programming, asset creation for corporate annual meetings, exit videos for private equity firms, marketing and promotional videos for music-themed Caribbean cruises, independent films, health and medical educational videos, pharmaceutical product promotion, as well as social media content.

Work History

Senior Video Editor

Center City Film & Video, Philadelphia, PA

March 1997 – March 2025

- Collaborated with producers and directors and also engaged clients as a producer/editor to craft their messaging
- Creatively interpreted their concepts, from design to final output by shaping their stories from hours of interviews, and supporting them with compelling B roll, stock imagery, motion graphics and music
- As the go-to-editor for many clients, consistently earned their satisfaction and retention
- Often managing multiple projects simultaneously, consistently met client deadlines
- Lead editor on many projects over 28 years
- Lead editor on thirteen 20-30 minute marketing videos, over 120 sizzle videos and social media teasers for more than 10 of StarVista Live's Malt Shop Memories, Flower Power, 70's Rock & Romance, and Ultimate Disco cruises, as well as editing over 60 daily All Access Pass sit and chat programs aired on board each cruise
- Editor on the feature film "What Happens Next?"
